Dear Readers,

It is my great pleasure to announce the launching of the new journal "Turkic World Mathematical Society Journal of Pure and Applied Mathematics". The aim of the journal is to publish high quality papers on the wide range of pure and applied mathematics, to present the recent results of scientists from Turkic countries and over the world to the broader mathematical community. We hope the journal will be well received by researchers in pure and applied mathematics, and will contribute toward integration of mathematicians.

We are thankful to all members of the Editorial Board, the Advisory Board and the authors for their contributions to this inaugural issue of the journal. We also send our special thanks to the reviewers who have participated in the evaluation of the submitted papers. We are hopeful that our fruitful cooperation will be continued in the future. We invite all prospective authors to consider this journal for publication of their work. The period of the publishing of journal is semiannually.

Professor Fikret Aliev
Vice-president of TWMS
Editor in-Chief of "TWMS Journal Pure and
Applied Mathematics"
